- 115-inch wheelbase.
- Straight Eight motor of 221 cubic inch piston displacement. Abundant power, marvelous flexibility and smoothness plus economy which rivals the thriftiest of sixes.
- Oil filter, gasoline filter and crankcase ventilating system insure maximum engine efficiency.
- Fuel pump insures constant adequate flow of gasoline, regardless of speed or grade.
- Thermally controlled cooling system retards flow of water until motor has reached precisely correct temperature for highest operating efficiency.
- Double-drop frame of new compound flange design—far costlier but sturdier, safer and permitting graceful lowness of body lines.
- Hydraulic shock absorbers, front and rear.
- Genuine mohair upholstery.
- Full-vision, full-ventilated bodies of steel over hardwood foundation—the accepted fine car coachcraft.
- One-piece steel core safety steering wheel.
- Fully adjustable steering wheel and front seat.
- Amplified-action 4-wheel brakes which stop The Dictator Eight in half the distance accepted as standard.
- Tarnish-proof chromium plating of all exterior brightwork.
- Coincidental lock to ignition and steering assures Dictator Eight owners lowest theft insurance rates.
- Non-shatterable safety windshield.

# ALLEYS VACATED

Council Approves Plan for Change in Pure Oil Co. Property

Vacation of West Center st. alleys by city council was effected last night following an agreement with the Pure Oil Co. that property for another alley, not charted on city maps, should be decided the city.

The Pure Oil Co. asked several weeks ago for vacation of alleys running through property at their bulk station at 1151 West Center st. The company was desirous of making the station one parcel of land instead of three sections broken by alleys.

In correspondence, the Pure Oil Co. offered to give up a 39-foot strip of land on the east border of its property to be used as an alley. This has been done, and the former alleys vacated. City officials state that the former alleys were never used except by the oil company.

**Ice Plant Employee**  
Victim of Accident

E. F. Hyatt, 997 East George st., sustained a sprained right ankle and a pulled hamstring when he slipped and fell while working at the City Ice & Fuel Co. plant yesterday. He will be unable to resume his work there as an engineer for several weeks, his physician reports.

He was installing a valve when the accident happened. He was taken to the office of Dr. A. A. Starner in a company car, and later taken to his home in a taxi. He is now able to walk with the aid of crutches.

**Showers on Program**  
Tonight and Friday

With gradually falling temperatures recorded for the last few days, Marion is due to get showers tonight and Friday, according to the official forecast.

Yesterday's high temperature was recorded at 79 degrees, 17 degrees above a year ago, when 62 was reported as high. Last night the temperature dropped to 55, or four degrees above a year ago.

**Munich Excited Over Woman Cured by Miracle**

BERLIN—All Munich is excited about a miracle cure at Lourdes through which Frau Marie Amalie Stroebel, whose legs had been paralyzed for years, is now able to walk.

Frau Stroebel, a resident of Munich, was near death, when she reached Lourdes. Four women placed her in a linen sheet and immersed her in the water at Lourdes. She yelled:

"Let me go, I can walk!" I shouted, and tried to rise. But the women tried to keep me quiet. I lay myself down, however, walked through the water to the statue of the Virgin Mary and kissed it. Then I went home—cured."

# SWOLLEN RIGHT ARM CAUSES FIGHT ODDS TO LEAVE SPANIARD

Late Report Says Paulino Will Enter Ring with Bad Injury

Continued from Page 18

But, anyhow, the moment that a Spaniard goes in there with a German in a major heavyweight fight quite evidently marks the death of the old and the birth of the new. It fairly mocks the memory of John J. Corbett, Jeffries, Dempsey, Tunney and others who made the American heavyweight the greatest of all fighters.

**More Toward Title**

The winner tonight won't acquire the title, per se. He will have to go on to a September meeting with Jack Sharkey and perhaps an ultimate fight with Dempsey himself but, if a man is a coming champion, he knows it all he asks is the right to have the nearest contender, Dempsey, had to lick Fulton before he could get Willard. He was glad to accommodate everybody because he knew himself to be a man of destiny.

No doubt Paulino and Schmeling feel likewise. They came to this country as chumps but today they have the eyes of the world upon them and thousands clamoring for choice seats, so good are they looking and so blind darts of men who achieved the mastery of notoriety in so short a time.

Schmeling has been unbeaten in America and probably has the greatest punch in all the world today. Paulino has lost some fights here in the last six years but he is tougher than the street below the gas house and nobody ever has played him for a snip.

**No Sell Out**

They are a little loath to draw something besides attention but the fight isn't a sell out and won't be. Present indications are that a crowd of 45,000 and a gate of \$100,000 will give everybody a break. The promoters, laboring only in the humble interest of the charitable Milk Fund, had visions of a million dollar sale when they first made the match but they admit now that they knew their chances when they priced the so-called "Entrance Rinkside" sale at fifty dollars. The man who has fifty dollars only once a week was scared so badly by this picture that he went home, hid in the cellar behind the barrel of Lillie water and since then hasn't been seen in his accustomed haunts.

However, the charity will make money, as it always does. So will the fighters, this thought being inserted for no other reason than to allay the fears of those who no doubt were distressed about that point. Each will get about \$70,000.

They have finished their training, Schmeling at Lakewood, N. J., Paulino at Hooksett Falls, N. H., and will start early for the scene of their duel. Anyhow, they promise to be early but there is nothing in the articles of agreement about being bright. These are prize fighters.

**Comes in Air**

Paulino will come to the weighing in at 2 o'clock by airplane from Albany, an innovation, indeed. Mr. Tunney used to keep his engagements that way but he mustn't be confused with the fighter follow of the same name. Here Schmeling will be content to approach in a motor car.

His appearance on the scales may serve to change the odds which have hovered around even money for a week, the guess-your-weight addicts having placed his poundage anywhere between 175 and 187. Paulino probably will fulfill the situation around 193. You don't do any summing in connection with this feat. He is as rugged as the coast line off old Ireland.

This is the angle that has most of the professional gamblers lying behind him with askull-cranker. They claim to have a lot of sense money to send in on him and apparently are only waiting for what they consider a break on the price. If this is true, the late odds are likely to install Paulino as the favorite.

It happens, however, to be one of those fights in which one can call his shots with frightful imprecision, as we say at the horse trough. Nobody knows whether Paulino is as tough as they think he is since going 10 rounds with Gouffier; nobody knows whether Schmeling is going to win with his punch or lose with his chin.

**Ricko K. O'd.**

He looked as though he might do both in the Ricko meeting. He finally won with the net for the only knock-out of Ricko's career, a circumstance that made Schmeling a national figure overnight. Previously, he had won in American rings from Joe Monte, Joe Selkren and Pietro Corri. None of them would belong in there tonight, so these victories aren't worth considering. I'm sorry I can't see the same for the knockouts Schmeling sustained abroad at the hands of Larry Gaines.

to apples like seventeen-ounce apples or  
merely the crab variety. If the former  
variety, it's our guess that the gifted  
Winsted, Connecticut, lar is making an  
around-the-world trip.

## A Form of Egotism.

If Americans generally are to be judged  
as the customs officials see the seven or eight  
hundred thousand of our people who go  
abroad annually, the United States can  
hardly escape classification as a land of  
smugglers.

United States customs officials estimate  
that seventy-five per cent. of the Americans  
returning from abroad attempt to smuggle  
articles purchased by them while away into  
the country. A far more disgusting view  
to the customs officials is that only about five  
per cent. of those who attempt to smuggle  
articles in are apprehended.

The customs people in New York say that  
every time a ship docks there from abroad,  
enough liquor is confiscated to stock an old-  
fashioned saloon. They are not referring  
in this connection to attempts at organized  
smuggling, but merely to the attempts of  
passengers to bring in a bottle or two of  
liquid delight, which, in case of apprehen-  
sion, is destroyed, and the passenger is  
penalized at the rate of five dollars a bottle.  
But the most common offenders are the  
travelers who seek to smuggle in jewelry, and  
they usually are those who are well able to  
pay the duties the law exacts. If payment is  
made without discussion, the matter doesn't  
get into type, and most of those apprehended  
by the officials are glad to pay the duty and  
penalty and escape publicly.

By way of illustration, it may be said  
that within the past three years a New York  
society woman has been caught at different  
times endeavoring to bring in jewelry of an  
aggregate value of \$50,000. During the  
three years her attempts have cost her  
\$180,000 in duties and penalties. Within the  
past two weeks the daughter of a wealthy  
Philadelphia was found with \$30,000 worth  
of jewels and lace tucked away about her  
person. The experiment cost her father  
\$105,000, of which \$27,000 went to the in-  
former, the Paris salesman who sold her the  
jewels.

It is generally known that European sales-  
men are reaping rich rewards by reporting  
the sales of valuables sold by them to Amer-  
ican travelers, and yet people of means and  
education, in the face of their knowledge of  
the fact, will buy aboard and endeavor to  
bring the purchased articles in illegally. In  
a word, they are paying European salesmen  
to bring about their apprehension in the event  
of their endeavor to defraud the government.  
It's hard to believe that people will be guilty  
of such folly, but experience shows that they  
are. In a word, it's a form of egotism. Each  
believes that he or she is just a little bit  
too clever to be caught.

## May Profit Hundreds of Millions.

Many newspapers have commented on the  
saving which will be effected by the govern-  
ment as a result of the substitution of the  
small bills which are to be issued next  
month for the bills of larger dimensions now  
in use.

The newspapers have been showing the  
savings in paper, in ink, in steel dies and in  
the engraving of the dies, but President  
Hoover, a day or two ago, gave the Wash-  
ington reporters making the White House a  
tip on another considerable saving which  
will be effected; if not a saving, at least a  
matter of decided profit to the government.

Mr. Hoover cited that, when the paper  
money was last recalled soon after the civil  
war, \$13,000,000 of the \$50,000,000 of such  
money outstanding never was presented for  
redemption. "That meant that the govern-  
ment's assets were increased by just that  
amount," he said, adding that, while he did  
not expect to see thirteen-fiftieths of the  
present outstanding money go unredeemed,  
there would be a large amount for which the  
government would never have to account and  
that it would be enriched to the extent of the  
money thus unredeemed, whatever the vol-  
ume of the amount might be.

Until the end of the redemption period,  
possibly fifteen years hence, there will be no  
way of telling what the approximate total of  
the paper money permitted to go unredeemed  
may be, but assuming that this percentage  
is anything like that which obtained the  
last time the paper money in circulation, or  
at least outstanding, was recalled, the sum  
will be an enormous one.

There is at present \$5,945,162,193 in paper  
money outstanding. One-fiftieth of this  
would be approximately \$1,189,035,506, and  
thirteen-fiftieths would be thirteen times this  
last-named sum, or \$15,217,001,650.

The government, it goes almost without  
saying, would never have to account for a  
large amount of the over \$5,000,000,000  
of paper money outstanding for the reason  
that millions of it have been lost, destroyed  
or hidden away where it may never be found,  
by which the government would profit were  
there no recall of the present paper currency,  
but if a redemption limit is placed on the  
present paper money, as it will be, there will  
be a still greater sum which will probably go  
unredeemed through neglect and forgetful-  
ness. The total of the money unredeemed  
may not represent thirteen-fiftieths of the  
paper money now outstanding—that is, ap-  
proximately \$1,317,001,650—but it is bound  
to be enormous.

The difference in the situation, before and  
after the recall will be thin. At present the  
government has no way of knowing how much  
it is ahead on paper money forgotten, lost  
or destroyed, but at the end of the redemption  
period, whenever that time may come, it will  
know just where it stands in this regard.

A former Chicago bartender who apologized  
for charging twenty-five cents for what he as-  
sumed was near beer failed when it was dis-  
covered that it contained eight per cent. of  
alcohol, and was the finest beer sold in the  
Windy City and should have brought seventy-  
five cents a stein. He is a Scotchman.

The discovery that metal crystallizes  
quickly in an airplane, made by the investi-  
gation of the English channel horror in  
which seven lives were lost, presents an-  
other problem in aviation. Happily, it is  
made while aviation is yet in its toddling  
clothes. Far better now, than when the air  
is dotted day and night by heavily-laden air-  
craft, flying machines. It offers chance for  
corrective measures while human flying is still  
young.

Emulating Ambassador Davies and the  
Prince of Wales, every other guest at the  
dinner of the Empire Service league in Lon-  
don got out his pipe and smoked it. Such is  
humanity that neither British nor American  
hosts hereafter need worry about serving  
cigars at their dinners. The pipe's the thing,  
for the present at least.

State Director of Aviation John M. Vorys  
announces that hereafter the legal bill, re-  
gulating the examining and licensing of air-  
pilots and inspection of planes, will be rigidly  
enforced, that "Gypsy" aviators are hence-  
forth barred from flying in Ohio. Now if we  
had a law to penalize pilots who fly over  
thickly-populated community centers, it  
would add considerably to the batting average  
of the joy of living.

Former Attorney General Wade H. Ellis  
told a radio audience recently that crime  
costs the United States \$13,000,000 annually,  
and that 12,000 murders are committed in  
this country every year, the rate having gone  
up 250 per cent. since 1909. With a murder  
toll fifty times that of Great Britain,  
even Senator Glass and Senator Robinson  
should be willing to admit that possibly Pres-  
ident Hoover's commission might do well not  
to confine its survey and investigation wholly  
to the subject of offenses against prohibition.

The New York supreme court has dis-  
missed the \$250,000 libel proceeding brought  
by a young singer against Otto Kohn, banker  
and art patron, because he protested to a  
magazine, which published an advertisement  
in which his name was used as endorsing the  
young singer. If the young woman in ques-  
tion could have collected damages in such a  
case nobody but paupers hereafter would be  
safe from financial imposition and outrage.

Equipment consisting of two copper stills  
twenty feet high, a large steam boiler, five  
5,500-gallon cement vats, two 1,500-gallon  
wooden vats, two 1,500-gallon coolers, two  
6,000-gallon coolers and two large electric  
pumps were seized in Detroit when a cam-  
ouflaged distillery was raided by dry law  
enforcers, one night this week, and ten men  
arrested. No wonder the "good, law-abiding  
citizens" of Detroit haven't been worrying so  
much over Uncle Sam's battling on the rum-  
runners bringing stuff over from Canada.

## A PERILOUS POSITION.

## "Child's Bill of Rights."

BY ROYAL S. COPELAND, M. D.

President Hoover has issued what might be  
called "The Child's Bill of Rights." I quote  
it here:

"The ideal to which we should strive is that  
there shall be no child in America:

"That has not been born under proper con-  
ditions."

"That does not live in hygienic surroundings."

"That ever suffers from undernourishment."

"That does not have prompt and efficient medi-  
cal attention and inspection."

"That does not receive primary instruction in  
the elements of hygiene and good health."

"That has not the complete brightlight of a  
sound mind in a sound body."

"That has not the encouragement to express in  
fullest measure the spirit within which is the  
fullest endowment of every human being."

Let us for a moment think about this "Bill  
of Rights." It asks nothing that should not be the  
aim of all parents and expectant parents for their  
children. It insures for the child fortunate enough  
to be so endowed, an equal or more than equal  
chance to meet the problems of life.

What does it mean to be born under proper  
conditions? What are these conditions? Healthy  
parents is the first essential. A home founded on  
right living, right thinking, respect for society—  
this is important.

To live in hygienic surroundings—this is not an  
unfamiliar demand, no matter what the wealth of  
the family may be. A home can be clean, the children  
clean—this should be the rule anyhow. Sunshine  
and fresh air are important.

In order not to suffer from undernourishment  
the food may be plain, but it must be nourishing.  
Today no child need be without those essentials of  
food which make for sturdy growth and a strong  
body. This should be the heritage of every  
youngster.

To have prompt and efficient medical care and  
medical inspection is the next requirement. There  
was a time when complete examinations and treat-  
ment were only within the reach of the favored  
few. Today, fortunately, this is not the case. For  
those who have no means to employ physicians,  
the enforcement of strict funds for child welfare,  
the child health clinics, under the supervision of  
the health departments of all the big cities and  
the local hospital clinics, insure proper care for  
every man, woman and child.

There is no reason why the bill of rights should  
not be enforced for every child. We are happy it  
is so.

## ANSWERS TO HEALTH QUERIES

C. W. H. Q.—What can be done for itching?  
I am a man seventy years of age and this occurs  
in cold weather.

A—This condition may be due to constipation,  
auto-intoxication, intestinal disturbance, poor nu-  
trition, overeating or to some food poisoning.

L. M. C. Q.—What causes large spots of the  
skin to remain unfaded?

A—This condition is due to loss of pigment and  
there is nothing that can be done, unless you stain  
the spots in order to make them less noticeable.

IRVING L. Q.—What causes premature gray-  
ness and what can be done for it?

A—Premature grayness may be due to serious  
illness, heredity or a sudden shock. There is  
really nothing that can be done other than keep-  
ing the scalp and hair in perfect condition all the  
time. A stimulating ointment is recommended.

M. F. Q.—What do you advise for a fallen  
stomach? I am fifty-eight years of age and suffer  
with terrible gas.

A—What will clear up head noises and buzzing  
in the ears?

A—A properly fitted abdominal support together  
with careful diet and general care should bring  
about improvement.

—This may be due to nasal catarrh, to nervous-  
ness or to abnormal blood pressure. Examination  
should locate the exact cause and then proper  
treatment can be advised. In the meantime keep  
the nose and throat clear.

MISS R. S. Q.—What can be done for pimples?

A—What can be done for a running nose? I  
always seem to have a cold.

A—What causes excessive perspiration?

A—The diet must be corrected, avoiding too  
much sugar, starch or coffee. Eat only simple  
food. Constipation should be corrected.

—You may be troubled with nasal catarrh. For  
details send a self-addressed, stamped envelope and  
repeat your question.

—This is due to nerve stimulation. After  
bathing use a solution of alum, two drachms to a  
pint of water. This should help the condition.  
You should have treatment for the nervousness.

Dr. Copeland will answer for readers of this  
paper questions on medicinal, hygienic and sanitation  
subjects that are of general interest. Where  
the subject of a letter is such that it can not be  
published in this column, Dr. Copeland will, when  
the question is a proper one, write you personally  
if a self-addressed, stamped envelope is enclosed.  
Address all inquiries to Dr. Royal S. Copeland, in  
care of this paper.

## Editorial Opinion.

## TOUGH ON THE LEATHERNECKS.

Word comes from the White House that Mr.  
Hoover is seriously considering sending marines  
to Detroit to help enforce prohibition.

This proposal is interesting for a variety of  
reasons. But the chief of these reasons is that it  
would almost certainly bring about the degradation  
of the proud force and the American flag.

Federal Volsteadism began by debauching the  
enforcement agents provided by the United States  
government. As the state police were thrown into  
the light, too, were degraded. There is hardly  
a city or county in the country which has not had  
its series of corrupting incidents from this single  
cause.

When prohibition agents and police failed the  
government threw the coast guard and the customs  
officers into the breach. But the debauchery con-  
tinued. It is now a national scandal.

Moreover, Mr. Hoover is well acquainted with  
the effects of putting one's hands after another into  
the mire. When he was secretary of commerce it  
was proposed to make the life-saving force and  
the light-house service a part of the machinery of  
snapping and spring. These forces were under Mr.  
Hoover's command. He protested vehemently.

"I think it would be a great misfortune if the  
life-saving men were brought into prohibition en-  
forcement. The same thing has been suggested  
with regard to the light-house service. I can not  
conceive anything that would corrupt the fine  
traditions and personalities of these men more than  
by having them plunged into police duty of this  
character."

In those days Mr. Hoover did not have to con-  
cern himself with Bishop Cannon and the Anti-  
Saloon league. He was, within limits, a free  
agent. But now things are different. And so  
Mr. Hoover considers throwing the marine corps  
into the pot, to subject them to the same tempta-  
tion and the same indignities which have overtaken  
one after the other the enforcement bureau proper,  
the local police, the customs service, the coast  
guard, and which, occasionally, have besmeared  
the federal courts themselves.

We feel sorry for the marines.—Baltimore Sun.

## OVERENFORCEMENT.

Efficiency is the essence of good government.  
Exceptions must be made to every rule of ad-  
ministration if it is to conform to human needs,  
and not the other way about. Secretary Mellon  
showed his appreciation of this in issuing his  
recent order against the indiscriminate grant of the  
"immediate attention" privilege in customs inspec-  
tions. The order was not meant to apply, he  
said, in the case of a passenger "seriously ill or  
infirm." He should continue to receive the  
courtesy. So, also, should one accompanying the  
body of a deceased relative or friend or "sim-  
ply home by means of affliction or disaster."

These specific exceptions are few enough. Pro-  
vision might well be made for men without danger  
of those. But, few and obvious as they are, it ap-  
pears that the customs service is loath to honor  
them, preferring the timid bureaucratic method of  
rigid conformity, whatever the emergency.

An elderly woman passenger who had broken  
her leg on shipboard arrived from Bermuda on  
Monday. She had to be carried to the pier on a  
cot, and, though she was helpless to take her place  
in the customs line with the other passengers, and  
it was necessary that she be removed promptly to a  
hospital, the request to expedite the examination  
of her baggage was refused. The deputy surveyor  
in charge of the pier called the custom house, to  
be told that the woman had to wait her turn. As  
a result she was obliged to leave her baggage  
behind, with the knowledge that unless claimed the  
next day it would be taken to the appraiser's store  
and held until her release from the hospital.

Such an interpretation of the new ruling is in-  
human; it is also ridiculous. There is that about  
it which suggests a deliberate attempt to discredit  
the department's order. The public will await  
with interest whatever explanation the custom  
house can muster for its action.—New York Her-  
ald Tribune.

## Dinner Stories.

Tommy was in the juvenile court and the  
charge was that of stealing a quarter and  
spending it at the movies.

"What did you take it for?" the magistrate  
asked.

"I couldn't help it," he sobbed. "I wanted  
to see 'The Ten Commandments.'"

Householder—"Before we go any further,  
I must make you acquainted with the cause of  
all my trouble."

Plumber, to wife of householder—"Pleased  
to make your acquaintance, ma'am."

"Mamma," asked the little girl, who was  
reading her story book, "what's sufficient  
mean?"

"Why, it means enough or plenty. For in-  
stance, there is kitty drinking her buttermilk.  
When she has had all she wants or needs, we  
say she has had sufficient. Now do you see  
what it means?"

"Yes, mamma," said the little girl, taking  
up her book, "it means a cat full of butter-  
milk."

## San Lorenzo Cathedral.

BY TEMPLE MANNING.

Several months ago I wrote about Genoa  
as the reputed birthplace of Christopher Col-  
umbus. And now that we are on a cruise  
through the Mediterranean, we can not pass  
that old city, without making a stop, to look  
tell more about it, particularly some of the  
sights which the traveler will want to see.

One of the outstanding monuments of the  
Roman Catholic church is to be found in  
Genoa. It is the Cathedral of San Lorenzo,  
founded in the tenth century, reconstructed  
during the eleventh and twelfth centuries,  
and formally consecrated by Pope Gelasius II  
in 1118. Since that time it has undergone  
many alterations so that various sections  
represent the labor of different periods up  
to 1567.

Like many of the old churches in Genoa,  
the facade is done in alternate stripes of black  
and white marble. The three front por-  
tances are elaborate doorways done in the  
early French style, while the side entrances  
are Romanesque.

While interesting from an architectural  
standpoint, the chief attraction of the San  
Lorenzo cathedral lies in its treasures. Its  
great treasure is an octagonal bowl, corre-  
sponding to the description of the Holy Grail,  
and believed to be by many devout church-  
men. It is made of emerald colored glass;  
in fact, for many years it was thought to be  
a wonderful hollowed gem. After his Italian  
campaign, Napoleon took it to France, where  
it was dropped and broken, thus proving that  
it was made of glass and was not the emerald  
it had been thought. The cup, or bowl, was  
skillfully repaired and returned to Genoa in  
1822.

The other treasure which sets San Lorenzo  
apart from all other cathedrals, is the al-  
baster sarcophagus, which is said to contain  
the remains of John the Baptist. These two  
treasures have made San Lorenzo a sort of  
shrine.

Genoa has many other beautiful churches,  
among them Santa Maria di Castello, the  
oldest church in the city; San Matteo, an-  
other outstanding monument of old Chris-  
tianity, and the churches of Saint Ambrose  
and Saint Andrea, in which are a number of  
classic paintings, including two by Rubens  
in all, there are about 100 churches in Genoa.

Another well-known sight is the Campo  
Santo, the elaborate burial ground. Among  
the monuments are many executed by the  
foremost modern sculptors of Italy. It has  
been the life long ambition of hundreds of  
native Genoans to be buried in the Campo  
Santo, and there are many tales of life-long  
labor to accumulate sufficient money to in-  
sure a place and monument in this famed  
burial ground. — Copyright, 1929, News-

**MISS LOUISE BURGIN** was given in marriage to Charles Malcolm Schoenlaub, son of Mr. and Mrs. David Schoenlaub, South Prospect st., by her father, J. A. Burgin, in a pretty wedding at St. Paul's Episcopal church at 10:30 o'clock this morning. Beautiful garden flowers arranged in baskets were the only decoration for the church. The Rev. S. B. Hardy, rector of St. Paul's, read the single ring service for the marriage.

Following the "Wedding March" from Wagner's "Lohengrin," Mrs. Fanny Benson at the organ played "My Heart at Thy Sweet Voice," and "At Dawning."

The bride was lovely in a sleeveless French blue chiffon gown, fastened with a long waist and skirt of two full tiers of satin ribbon falling in an uneven line. Her hair was in large waves, and she wore a large white veil. The bridegroom wore a white tuxedo with a white bow tie. The wedding party consisted of the bride, bridegroom, best man, maid of honor, bridesmaids, flower girls, ring bearer, and ushers. The ceremony was performed by the Rev. S. B. Hardy, rector of St. Paul's.

Miss Louise Burgin, sister of the bride, attended her as bridesmaid. She was in yellow georgette modeled after the dress worn by the bride. Her hair was in large waves, and she wore a large white veil. The bridegroom wore a white tuxedo with a white bow tie. The wedding party consisted of the bride, bridegroom, best man, maid of honor, bridesmaids, flower girls, ring bearer, and ushers. The ceremony was performed by the Rev. S. B. Hardy, rector of St. Paul's.

Charles Hubert of Toledo, fraternal brother of the bridegroom, acted as best man. During the service, Mrs. Benson softly played "O Perfect Love," Handel.

Miss Dorthea Obern

Among the pretty home weddings of this month was that of Miss Dorthea Obern, who she became the bride of Leo E. Martino, Richmond, last night, in a ceremony at the home of the bride's parents on South Prospect st. Mr. and Mrs. Lester Bolinger, a cousin of the bride, played Lohengrin's wedding march as the bridal procession descended the stairs. As flower girl, little Miss Alice O'Neill preceded the bride with a large basket of roses. The bride was dressed in an old ivory lace gown with V neck, the skirt being long and circular. She wore a large picture hat to match her gown. She also wore a necklace which her father presented her mother at their wedding.

The nuptials were a sunburst of smiles with friends. Dr. B. L. George, pastor of the Epworth M. L. church, read the single ring ceremony before an improvised altar of roses and ferns. The couple were married on the wedding anniversary of the bride's parents. Mrs. Martino wore for a traveling dress, a black and white dotted chiffon with hat and accessories to match.

She is the daughter of Mr. and Mrs. Roscoe Obern, 325 South Prospect st., and is a graduate of Harding High school in the class of 1926. She is also a graduate nurse of the Jane M. Case School of Nursing and was employed at the office of Dr. C. G. Smith. Mr. Martino is a graduate of the Richmond High school in the class of 1922 and is employed at present as an engineer for the Kagey & Mann Contracting Co.

The couple left for Washington and upon their return will reside at the home of the bride's parents.

**NAME PRINCIPAL IN KENTON SCHOOL**

Dalton B. Metzger Will Succeed W. L. Sprouse; High School Teachers

KENTON, June 27.—Formal selection of a principal for the Kenton high school and the completion of numerous improvements in the various school buildings in the city, were the principal items of business transacted by the Kenton Board of Education at their meeting Tuesday night.

Dalton B. Metzger, for four years an instructor in the high school, was hired as principal to succeed W. L. Sprouse, who resigned as principal after two years, to accept a similar position in Indiana.

Only recently Mr. Metzger completed his post graduate work at the Ohio State university, Columbus, for a Masters degree. He majored in school administration work. His appointment to the office was made upon the recommendations of Superintendent D. H. Clark.

**WELL-TRAVELED HAT**

GLASGOW.—Bearing the following message and 65 labels a hat traveling around the world arrived at Aberdeen recently. "I am on my way, I don't know where, and I don't care where I roam, so give me a lift and send me along, and some day I'll roll home." The hat was being sent around the world by a man in Dallas, Texas. It has been all over the United States and Canada.

**SERVANTS HAVE DAY**

LONDON.—Servants played the parts of musketeers for a day when Lady Malcom recently held a servants' fancy dress ball. Butlers were garbed to represent Rudolph, Valet and parrot kings. A girl was dressed to represent a fountain with electric lights in the dress twinkling to represent falling water. Servants from Buckingham Palace and St. James' Palace were present.

**FRUIT TRIMMING**

An off-white organdie frock, with its full skirt fashioned in uneven circular panels that are edged in three shades of green, has cherries at the front of the V neck and bunches of them edging the rousing low ruffled neckline. The sash ends in cherry bunches, also.

**CIRCULAR SKIRT**

The circular skirt gains favor for sports. When used, the natural waistline is usually emphasized by a tight belt of self fabric or colored kid.

**IT'S SO FEMINE**

THE STYLE No. 2791 is an enchanting one-piece affair of grass-green silk crepe printed in small white polka-dot, with dainty full placed diagonally across left side of bodice and with the smart frills inserted in darts of long tight fitting sleeves. The edge of frills are picked out with a decorative stitching to skirt along perforated lines, contribute further smartness and graceful flare. A belt emphasizes new raised waistline. It is very effective in black or royal purple chiffon. Flowered chiffon, georgette crepe in chateau green, tomato red silk crepe, beige crepe de chine, printed tulle and printed dimity in sprigged pattern are becoming combinations.

**THE PATTERN** is offered at cost price 15 cents (stamps or coin) as a service to readers who sew, and is designed in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42 inches bust. A Picture Chart illustrates every step in the making—everything told in Pictures, showing how the one piece front and back are joined at side and shoulder seams, and just how to stitch circular tiers along dotted lines, etc. It's so explicit, and so amusing.

**NEW FASHION BOOK** containing all the latest styles is 15 cents, but may be obtained for 10 cents if ordered with a pattern.

**COUPON**

This pattern will be sent on receipt of 15 cents. Make number, name, address, etc. plain. Send to the pattern department THE MARION STAR BUREAU, Peerless Fashion Service, 22 E. 18th-st., New York City.

**What Dr. Caldwell Learned in 47 Years Practice**

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit-forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip. Thousands of mothers have written to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. In a practice of 47 years he never saw any reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more gently, without griping and harm to the system.

Keep free from constipation! It robs your strength, renders your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit

# Mt. Gilead May Lose Vocational Department In School

## PLAN SURVEY TO RAISE ENROLLMENT

Only 15 Students Plan To Take Course Next Year

MUST HAVE 20 PUPILS

State Department Pays Half of Instruction Salary

MT. GILEAD, June 27—Unless more pupils are enrolled in the Vocational Agricultural department of the local school next year this branch of the school curriculum will be discontinued according to a report received from the state department of education which states that a school must have 20 pupils in this department before it will pay half the salary of the instructor.

There are only about 15 pupils in this department of the school according to Chester Miller, the instructor, and unless this number is raised before the opening of school this fall the work will be discontinued. A survey of the students in this district will be made by Mr. Miller and Mrs. McClelland, assistant in the division of vocational agriculture at Columbus.

## TO INSTALL CLERK IN CITY OFFICE

Increase In Work Demands Help In Bucyrus Municipal Department

BUCYRUS, June 27—A temporary clerk will be installed in the city water and garbage department the first of next week, to take the place of Miss Lucille Herizer, suspended waterside cashier, according to a statement by Mayor Arthur Schuler yesterday who stated that the appointment of a permanent clerk would be made as soon as the civil service commission has had an opportunity to hold a regular examination of an appointee. The appointment is being made at this time as the second quarterly period of water collections starts Monday and Miss Herizer, who has been in full charge of both departments since the suspension of Miss Herizer, will be unable to handle both departments during this increased work, according to Mayor Schuler.

Miss Herizer was suspended by Mayor Schuler one week ago Monday on the sole ground that she had allegedly charged that "politics" is figuring in the dispute that has followed the mysterious disappearance of \$210 from the water and garbage cash during last year.

In a written statement issued today by Miss Herizer, she stated that she had handled the work of both departments during an illness of Miss Ferrall for a period of six months and had also kept better records for approximately 700 garbage customers in addition to all water department work without extra compensation and with very little help and that Miss Ferrall received her entire salary during her absence amounting to \$375. Mayor Schuler stated Tuesday that Miss Herizer would not receive her salary during her suspension, declaring that there is no comparison between the two cases since Miss Herizer is being disciplined.

MT. GILEAD—A marriage license has been issued to Wallace D. Decker, 30, former of Richmond township, Marion county, and Pearl Schimpf, 33, teacher of Cardington.

## ENTERTAINS GUESTS

Bridge Party Honors Out-of-Town Visitors

UPPER SANDUSKY, June 27—Misses Marie and Emma Stearns and Helen Gregg entertained with a table of bridge at the latter's home last night. A three course luncheon was served. Out-of-town guests were: Mrs. Blair Wyker, Fredricktown; Mrs. Helen Wenzel, Toledo; Mrs. Paul Matthews, Bucyrus; Misses Marguerite, Antonette, and Agnes Lowry, Columbus; Mrs. William Thompson, Steubenville.

Flora and delphinium were used to carry out the color scheme of pink and blue. First prize was given to Mrs. Alton Gregg.

## GALION SOCIETY PRESENTS PROGRAM

Reformed Group Entertains Guests; Patriotic Decorations

GALION, June 27—About 95 members and guests were present at a meeting of the Dorcas society of the First Reformed church, which was held in the Sunday school room of the church yesterday afternoon.

Presiding the program, Mrs. Flora Lewis gave an address of welcome to the new officers who are Mrs. Edward Slick, president; Mrs. Charles Farwell, secretary; Mrs. G. M. Hodge, assistant secretary; Mrs. Henry Hocker, treasurer; Mrs. Mary Bertsch, assistant treasurer. Following a business meeting a program partly in observance of the month of July was opened with a reading "America" by Bertha Barr. "Our Flag" a reading by Dorothy Eichhorn and another reading "A Glorious Fourth" by Mrs. Edward Slick followed. Miss Doris Slick then sang a group of beautiful songs which were followed with a splendid reading by Dorothy Bertsch. Another group of vocal numbers were presented by Mrs. Carl Giesinger and brought the program to a close.

Following the program a dinner was served in the church basement with table appointments in keeping with Independence Day. Hostesses were Mrs. Edward Eichhorn, Mrs. Samuel Eichhorn, Mrs. Roy Eichhorn, Mrs. Herman Eichhorn, Mrs. W. L. Deane, Mrs. E. A. Byrne, Mrs. Catherine Finckel and Mrs. Charles Farwell.

## GALION MAN AND BRIDE ON TOUR

Clarence Myers Weds Miss Val Aufrecht at Cicero, Ill.

GALION, June 27—A beautiful June wedding took place at 4 o'clock this afternoon at Trinity Lutheran church at Cicero, Ill., when Miss Val Aufrecht, of Cicero, and Clarence Myers, of this city, were united in marriage before an altar decorated with flowers and greenery. The ceremony was witnessed by members of the immediate families and intimate friends.

The bridal couple were attended by Miss Marjorie Myers, of this city, and sister of the bridegroom, and William Aufrecht, of Cicero, brother of the bride.

The bride wore a wedding gown of orchid chiffon and a picture hat of the same shade. She carried a shower bouquet of bride's roses, sweet peas and lilies of the valley. Her only jewelry adornment was a diamond brooch pinned to the gift of the bridegroom.

Miss Myers wore a figured chiffon frock with hat of blending shade and carried an arm bouquet of roses.

Following the ceremony a wedding dinner was served at the Edgewater hotel in Chicago. Covers were placed for 30.

Miss Myers is the daughter of Mr. and Mrs. M. A. Aufrecht of Cicero, Ill., and has been employed with the Preferred Accident Insurance Co. of Chicago, for the past several years.

Mr. Myers is the son of Mr. and Mrs. A. M. Myers, of 417 North Columbus st. He graduated from the Galion high school with the class of 1910 and is associated with the Schaffner-Myers Co.

Mr. and Mrs. Myers left for a motor trip to Yellowstone National park and the Pacific coast after which they will be at home at 307 North Columbus st., this city.

Mr. and Mrs. A. M. Myers and daughter, Miss Marjorie, of this city, were guests at the wedding.

## Cardington Parsonage Is Scene of Wedding

CARDINGTON, June 27—Mrs. S. Hump and Wallace L. Beckel were united in marriage at the Methodist Episcopal parsonage, Tuesday night by the Rev. W. S. Nicholson. Mrs. Beckel brought the second grade in the Cardington schools for several years. The bridegroom is a farmer living seven miles west of Cardington in Richmond township.

Boyd, entered school at Culver, and the Boyd family motored there yesterday from Michigan where they spent the past week at the Boyd cottage.

## UNION COUNTY SCHOOLS UNITE

State Director Orders Consolidation of Irwin and Milford Center Groups

MARYSVILLE, June 27—After a feud of a number of years, the school at Irwin will be consolidated with the Milford Center school. For many years neither town would consent to send their pupils to one school, though both were in Union county, and neither gave in until ordered by J. L. Clifton, state director of education.

The order to the board of education of Union township, followed the choice of both local boards and of H. L. Snapp as superintendent of both schools. Mr. Snapp taught in Milford, then became superintendent at Irwin, and at the resignation of W. T. Horton, Milford Center superintendent, was also chosen professor there.

Last year there were 27 pupils in the Irwin high school with but two graduating. The consolidation throws two teachers out of employment at Irwin, while one extra will be needed at Milford.

## COUNCIL MEETS

Hearing on Two Budget Scheduled for July 8

TIRO, June 27—The June meeting of the Tirol city "dink" with Mayor R. K. Raulbach and the clerk, was held at the World office, Monday night. Considerable business of importance was taken care of. Councilmen George S. McConnell, Charles Flegm, Sherman Dougherty and E. H. Blackford were present.

The council accepted in its tentative form the regular 1930 budget for municipal purposes. The clerk was directed to advertise the hearing on this budget which will be on July 8. The budget in its tentative form, for the fiscal year ending Dec. 31, 1930, calls for approximately \$1,100 in the general fund. This is a slash of nearly \$700 over last year's budget arrangement. This slash is not due to any anticipated lowering of expenditures for 1930, but in the fact that it is estimated there will be a balance in the general fund on Dec. 31 of this year, sufficient to meet the difference over that of last year and this year. Under the new arrangement in the village, the services of the village and the old general funds are combined into one fund known as the general fund, and all appropriations for operating expenses are paid from the general fund. It is anticipated that Tirol will receive about \$800 for the auto registration and about \$470 for the gas tax fund for next year.

## READS SERVICE AT MT. GILEAD CHURCH

Miss Wanda Gallagher Becomes Bride of Fostoria Man

MT. GILEAD, June 27—Miss Wanda Gallagher, daughter of Mr. and Mrs. H. A. Gallagher, of West High st., was married today to Duane E. Harrold, of Fostoria. The wedding took place at the Methodist church at 4 o'clock this afternoon.

Dr. T. J. Saunders, of Otterbein college, Westerville, officiated at the ceremony. Miss Gallagher was accompanied by Mrs. John Clark, of Berea, as matron of honor, and Mr. Harrold was accompanied by his brother, Arvin W. Harrold, as best man.

The bride was graduated from the Mt. Gilead high school here in 1920 and both the bride and bridegroom are graduates of Otterbein college. Mr. Harrold is also a graduate of Culver Military academy. For the last few years the bride has been teaching English in one of the Akron schools.

Miss Gallagher is a member of Sigma Alpha Tau sorority and Mr. Harrold is a member of the Pi Beta Sigma fraternity. Both are members of Phi Kappa Delta and Theta Alpha Phi, honorary fraternities.

Mr. Harrold is associated in the undertaking business with his father in Fostoria where he is a member of the Kiwanis club.

Misses Ladybird Sipe, of Portsmouth, and Patsy Wyoff, of Buffalo, Ohio, were the bridesmaids.

The bride wore a dress of white satin with a veil and her flowers were a bouquet of white roses. The groom was dressed in a black suit.

The matron of honor was attired in an orchid chiffon dress and carried a bouquet of Ophelia roses while the bridesmaids wore rose chiffon dresses and each carried a bouquet of American Beauty roses.

Little Sarah Marie Gallagher, niece of the bride, acted as flower girl wearing a light green crepe dress and carrying a small basket of held daisies and larkspur.

Mrs. Richard Correll, of Ashland, Ky., presided at the organ, playing "Wedding March" from "Lohengrin" and Mendelssohn's "Wedding March." Mrs. Correll accompanied Mr. Wendell Wallace of Culver, who sang "O Promise Me" Henry Gallagher, brother of the bride, and William B. Lockhart, of Fostoria, acted as ushers.

After the wedding Mr. and Mrs. Harrold received the guests in the morning room of the Globe hotel. Last night members of the bridal party were entertained at a rehearsal dinner.

Mr. and Mrs. Harrold will leave tonight on a motor trip through Canada after which they will be at their home at 610 Walnut st., Fostoria.

## FILES ANSWER IN MT. GILEAD COURT

Asks Sale of Land in Morrow County To Satisfy Claim

MT. GILEAD, June 27—An answer and cross petition has been filed in common pleas court here by J. Barringer in which he admits all allegations in the plaintiff's petition, answer and cross-petition of the Marion County Bank company and the answer and cross-petition of J. H. Unepcher that have been filed in the foreclosure and receiver case of The Virginia Joint Stock Land Bank, of Charleston, W. Va., against Lihuron L. Holborn and others.

In his cross-petition Barringer states that on Aug. 11, 1928, he received judgment against J. H. Unepcher, in one of the Knox county courts for the sum of \$315.36, with interest on the amount at eight per cent. He states that Unepcher has no personal or real property subject to levy.

He asks in his cross-petition that the 303 acres of land in Glend and Harmony townships be sold and the amount received from the sale which is due Unepcher be applied to his satisfaction of judgment.

BUCYRUS, June 27—Crawford county's road building program will involve an expenditure of approximately \$50,534.57 between now and the close of the summer season, it was announced by county commissioners yesterday, who stated that contracts totalling \$22,348.54 have already been awarded for the construction of sections of eight county roads. In addition to the eight roads for which contracts were awarded the commissioners under Ohio laws, granted County Surveyor Charles I. McNeil authority to start improvement of six other county roads estimated by the surveyor to cost in the neighborhood of \$27,985.63. All of the projects will be completed by the end of the year.

## Bucyrus Clubhouse Robbed Fourth Time

BUCYRUS, June 27—For the fourth time in a year thieves have paid a visit to the clubhouse at the Bucyrus Country club, this time getting away with loot of about \$200 in golf balls and paraphernalia.

It's hard for a woman to forgive another for having done her a favor.

## Ashley Group Meets in Church Parlor

ASHLEY, June 27—The Western Home Missionary society met in the parlors of the M. E. church Tuesday afternoon, with Miss Unepcher, president, presiding for the meeting, and the program was in charge of Mrs. Heinlin. A lunch was enjoyed at the close of the meeting.

## BIDDING THE LAST FAREWELL

WHEN a departed one is laid to rest it is an occasion of more than merely vacating that loved one's place here on earth. There belongs a farther thought than only that; a more precious responsibility, a kindlier regard. The funeral is expression of your very last farewell; deserving of fondest consideration; beyond courtesy, respect and custom alone. The funeral service you select should be the most expressive. Engaging the mortician is particularly important to that required end. Our method and manner of funeral attention includes every evidence of higher thought, so effective, so expressive and satisfying: at the same time no greater in cost than is ordinarily charged.

## Had Eczema Very Badly on Face, Head, Limbs. Healed by Cuticura.

"When I was a baby I had eczema very badly. It broke out in sore eruptions on my face, head and limbs. Later it formed blisters that itched and burned and was so severe that I could not sleep at night. The trouble lasted a long time. They then tried Cuticura Soap and Ointment and after using three boxes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed." (Signed) Miss Mattie M. ## Repressed Desires

WILLIAM D. B. at the age of 10, of us could resist everything but a girl. With all this, the desire for a girl is a constant temptation. It is a desire that is often repressed, but it is always there. It is a desire that is often repressed, but it is always there. It is a desire that is often repressed, but it is always there.

## Handy Bathing Suit

RAINSTORMS especially those which descend unexpectedly often cause much trouble for the women who have washing on the line. An housewife will confirm the statement that there is nothing quite so distressing as to have a yard full

of clothing drenched after a couple of hours have been spent in the laundry operation. Ordinarily there is only one thing to do and that is to wait until the sun comes out and then gather up the dripping clothes to await a respite of sunshine.

The young Marion woman has just solved the problem. When one of her weeks' laundry and clothes showers set in instead of waiting until it was all over she has her bath and her clothes are dry. This modern era—and in about two minutes was out in the yard attire in a happy case of bathing suit. Not only was she able to get her week's washing into the house before it was thoroughly drenched but while doing so also enjoyed the refreshing passage that ordinarily comes only from a plunge at Crystal Lake or Cedar Point.

The first important change in motor oil in years

NEW OIL...free from harmful wax

Use it..your car needs it!

NEW Sohio Motor Oil, employing a new and radically different manufacturing principle, represents the first important change in motor oil in years. To the recognized qualities of 100% Paraffin base oils, New Sohio Motor Oil adds this outstanding feature—free from harmful wax.

Most manufacturers of good oils now de-wax by the centrifuge system. In making New Sohio, however, this vital process is performed at a temperature 40° below zero. This effects a more complete removal of the harmful wax so largely responsible for excessive carbon formation, that leaves a gummy, sticky coating on combustion chamber and cylinder wall, that brings about sticky valves and causes impaired motor efficiency—this harmful wax is completely absent in New Sohio Motor Oil.

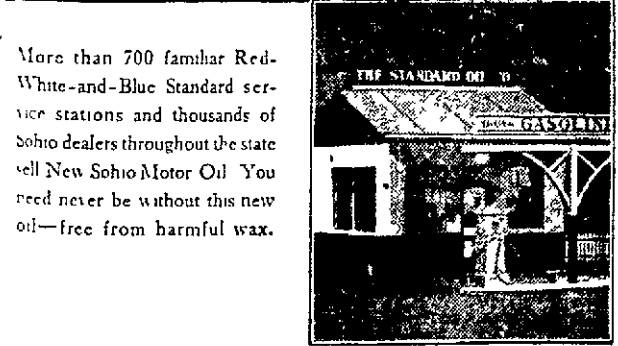

The result is an oil that is all lubricant, and that does not break down under the most strenuous driving conditions. New Sohio Motor Oil affords perfect piston seal, and complete lubrication at all operating temperatures.

Your car needs this new oil—particularly if you drive one of the new, high-compression motors. Have your crankcase drained and refill with New Sohio Motor Oil today.

Unless an oil flows freely and evenly at all temperatures, perfect piston seal is impossible. New Sohio Motor Oil, being free from harmful wax, is all lubricant, and makes an oil, even film between piston and cylinder that insures minimum dilution and full power.

Your Sohio service man will be glad to tell you the grade of New Sohio Motor Oil best suited to your car's operation. Ask him for a Sohio Chart of Recommendations. Change regularly for best results.

## "Tactless Texan," Ed Howe's Boy, Is Winning Fame Like His Dad

AMARILLO, Texas, June 27.—A new "Sage of Pottery Hill" has sprung up on these flat Texas plains. In reality it is only another case of "like father, like son." It was only natural for Gene A. Howe, editor of the Amarillo News and Globe, to follow in the footsteps of his illustrious father, Ed Howe, and become an outspoken editor.

tor of the Amarillo News and Globe to follow in the footsteps of his illustrious father, Ed Howe, and become an outspoken editor.

Ed Howe with his Alton son, Jean, has been out of jail for nearly half a century. As the Sage of Pottery Hill he wrote fearlessly his philosophical opinions of people and things. Sometimes his readers agreed with him but not infrequently they violently disagreed.

However, Ed Howe laid his formula for printing readers from the pen, his subscription list when he provoked their ire through his editorial columns. The Globe was inaccessible to anyone wanting to buy a copy on the newsstand since it was locked in the hands of the editor.

It proved every bit as true as the saying that a man who is a writer, that he will be a writer as well.

Howe's column, The Tactless Texan, has been a success story. It has been a success story since it was first published in 1911.

### 4 PLANES WEEKLY

Tri Motor Schedule at Ford Plant is Stepped Out

DETROIT — Production of tri motor planes at Ford's new plant is stepped out.

has been increased to four a week according to an announcement made by the airplane division of the Ford Motor Co.

The production schedule since the beginning of the year has averaged three planes a week but additional

facilities have permitted a steady stepping up of the schedule.

Officials said that it will be September before the airplane factory can produce enough planes to order more on hand.

# BOY IS GIVEN INTO PARENTS' CUSTODY

Six-Year-Old Lad Not To Serve Term for Slaying Companion

FRANKFORT, Ky., June 27.—Six-year-old Carl Newton Mahan, who was sentenced to remain in the state industrial school until he was 21 for the slaying of a playmate, will not serve that term, but will be given into the custody of his parents, according to a decision which had been handed down by the attorney general's office here today.

Mahan recently stood trial at Frankfort for killing Cecil Van Housen, a boy of the same age, with a charge from a school. He was convicted and sentenced to remain in the industrial school until he was 21.

A statewide comment was heard following the procedure.

Attorneys for the boy obtained a writ of prohibition from Circuit Judge J. F. Bailey, which will protect the boy from imprisonment.

William Cammack, attorney general, after hearing the case as presented by attorneys appearing in person, decided to take no action in it, which left the boy in the custody of his parents, protected from the state by the writ of prohibition.

# MANSLAUGHTER CHARGED

SANDUSKY, June 27.—George Steinbeck, 27, of Cincinnati, formerly of the freighter, James McNaughton, was to be arraigned here today on a manslaughter charge as a result of the death of Alex McCain, also 27, a coal passer on the boat. The men quarreled, the coroner's investigation revealed, and Steinbeck knocked McCain to the floor. McCain, whose home was in Superior, Wis., died of a fractured skull.

# FEELS LIKE NEW MAN SINCE HE TOOK KONJOLA

Unable To Sleep at Night; Meals Were Source of Misery; Now Has Regained Perfect Health

MR. HARRY SZALOWSKI

"I owe all my new health to Konjola," said Mr. Harry Szalowski, Station B, Toledo, "for it relieved my stomach and killing troubles. Quantities of gas formed on my stomach, and caused shortness of breath and heart palpitation. There were back pains and frequent bladder troubles. Headaches and dizzy spells added their misery.

"But a few weeks treatment with Konjola wiped out all my ailments and restored my health. My stomach was corrected, I eat three hearty meals a day, my food digests as it should. My kidneys are in perfect condition, the back pains are gone, and I sleep soundly. I have new pep and energy. I praise Konjola as a medicine of merit!"

Konjola is sold in Marion, at Camp & Sons Pharmacy and by all the best druggists in all towns throughout this entire section.—Adv.

# WORSHIPPERS RETURN TO CHURCHES

Bells tolling out the good news that the Church-State trouble in Mexico had been ended, caused flocks of churchgoers to return to Mexico City houses of worship. Below, left to right, are the principals whose untiring efforts were responsible for bringing about the peace pact: Father Edmund A. Walsh, vice-president of the University of Georgetown; Archbishop Leopoldo Ruiz y Flores, apostolic delegate at the peace parley; Mr. Miguel Gruehaga Rocoural, former ambassador from Chile at Washington and present arbitrator in U. S.-Mexico Claims Commissions; and Bishop Pascual Diaz, another church representative.

# FURTHER OUTBREAKS IN AKRON FEARED

Five Shots Fired at Confectionery Store Owner from Automobile

AKRON, June 27.—Police feared further outbreaks in gangland here today as a sequel to the shooting of

Gasper Ripellino, 30, during the night.

Ripellino was sitting in front of his confectionery store when a big touring car rolled up to the curb. The curtains parted and five shots were fired, 32 buckshot taking effect in Ripellino's legs and spine.

With that the assailant's machine sped away, and friends took Ripellino to a hospital in a taxicab. His condition was described as critical.

Shortly afterward police found the

would-be slayers' abandoned machine. It bore a license issued in Cleveland, but it may have been a stolen car. In the machine were two double-barreled shotguns and many shells.

Six persons who witnessed the shooting were detained by police but thus far no one suspected of the shooting has been apprehended. Ripellino, also known as Jim Bellini, is a leader in the local Italian district.

## SWOLLEN RIGHT ARM CAUSES FIGHT ODDS TO LEAVE SPANIARD

Late Report Says Paulino Will Enter Ring with Bad Injury

**BULLETIN**  
NEW YORK, June 27—An evening hour rumor that Paulino Uzcudun, the slugger Spaniard, would enter the ring tonight against Max Schmeling, the "German Dempsey," with a swollen right arm caused the betting odds to shift today to even money. Paulino had been a slight favorite.

Both gladiators started from their training camps this morning for New York City, scene of the battle. The two outstanding foreign contenders for the heavyweight championship will clash through the ropes at the Yankee stadium shortly before 10 o'clock tonight, eastern day-light saving time.

NEW YORK, June 27—Without the clay worms of this world, the great oak slumbers could not be and so it will be tonight at the Yankee stadium where the heavy-weight division will plant its family tree for

### MAIN FACTS ABOUT TONIGHT'S MELEE

The principals: Max Schmeling of Germany versus Paulino Uzcudun of Spain, two of the leading heavy-weight contenders. The scene: Yankee stadium, New York City.

Time: Tonight. Main bout is expected to start shortly before 10 o'clock, eastern daylight saving time.

Attendance: Between 60,000 and 70,000 for an estimated gate in excess of half a million dollars.

The referee: To be selected shortly before ring time.

Betting: Odds favoring to even money, although Paulino had been a slight favorite.

Weighting in: Two o'clock this afternoon at offices of New York state athletic commission.

A new line of champions with a 15-round fight between Paulino Uzcudun, the Spaniard, and Max Schmeling, of Germany.

The old line, of course, is dead. It died with Tunney, who may or may not be even a good guy to die with.

## YANKS FACE A'S IN SERIES OPENER

Macks Sure To "Crack," Ruth Says, but There Are No Signs of It

BY LES CONKLIN

NEW YORK, June 27—John Heydler's 10-man ball team idea will be tried out by the Athletics when they face the Yankees in Philadelphia today in the first game of another one of those alleged crucial series. Old Man Psychology will be the tenth player in the Mackman line-up, for the A's have heated their erstwhile nemesis six times out of 10 this season and are boasting a lead of 10½ games over the champions.

Since Ruth says the Macks are bound to crack but all they have been cracking lately is two baggers, triples and home runs. They washed the Red Sox for the fifth successive time yesterday, 6 to 5, while the Yankees lost to Washington, 4 to 3, in the second half of a bargain bill after winning the opener 7 to 0.

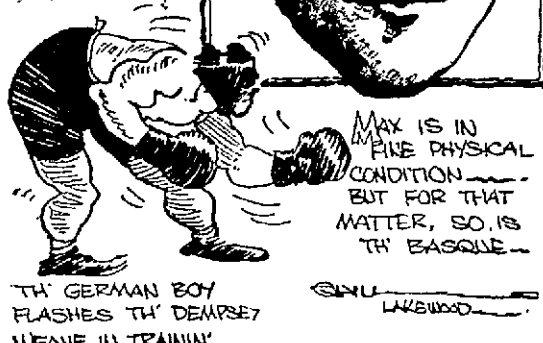

**Well Fortified**  
Mack's hired men can blow the entire three-game series to New York and still laugh it off, while the Huggins, only three runs in front of the Browns, are very likely in Cop City third place if they lose the series. The Browns slipped Cleveland yesterday, 4 to 2.

The Yanks are looking more like their old selves, however. Ruth.

## GOLF STARS MEET FOR NATIONAL OPEN

NEW YORK, June 27—Competitive golf, oft-times the most intensely dramatic of all sports, is busy today writing another chapter of its gripping history, another episode of the gripping serial that unfolds itself through the years, becoming even more interesting with the passage of time. The drama will reach its annual climax today with the staging of the national open championship on Winged Foot's treacherous links; its denouement will come on Saturday when the winner will be established after 72 holes of nerve-shattering play such as no other sport can know.

**Difficult Course**  
It will be played over a course that was built especially to try the soul of man. Its entries include the greatest players in the Western World, which largely speaking just about accounts for the universe itself. A title event that produces more drama in one day than the average author can write in a month.

There will be the Emperor Jones, for example, striding forth to recapture the throne that last was his in 1920. The Emperor has won four amateur championships, two open titles and two British events since 1923 and, over the entire domain of golf, he is king without contest. But occasionally there are revolts in some of its principalities and two of these lost him the open event in Armour in 1927 and to Farrell in 1928, after a

thrilling play off, this pair having been tied for the lead at the end of the regulation 72 holes of the championship.

Armour and Farrell, the last two champions will be starters today. So will Walter Hagen, fresh from his fourth victory in the British open event; likewise the sensational but erratic Leo Diegel, P. A. G. and Canadian open champion, not to forget Horton Smith, the young man who swept the winter circuit before him and only recently won the French championship at St. Cloud. It is, indeed, an unimportant segment of this world that is not represented by its champion in the tournament starting today.

**Potential Champions**  
At that, great though the above list of stars may be, it is entirely possible that the 1929 champion may not be found among them. Any one of thirty men, in fact, is potentially the champion. It may only remain for the heat of competition to make this potentiality become actual.

A recently patented blade holder is claimed to prevent the accumulation of loather and cut hair in safety razors to retard their operation.

It is at about the age of 16 that youth doesn't seem to be aware of more than three or four adjectives and they're superlatives.

## Mt. Gilead Mound Star To Appear Here Saturday

HE'S 18 years old now and within eight years he will be punching in the majors or at least AA company! That's the astounding prediction made by Francis Bacon, second baseman on the Marion Eagles and former big league performer, concerning Emmett Curtis, the boy strike out king of Iberia high school, who is now pitching for the Mt. Gilead Kiwanians in the American Legion junior baseball tournament.

Curtis, who has hurled two games for the Mounds in the sub-district play has whiffed a total of 14 opposing players in those games.

**Is Here Saturday**  
Saturday afternoon at 2:30 o'clock this youngster will be on the mound when Bacon brings his team from Mt. Gilead here to battle the Junior Eagles, the champs of Marion county. If Marion happens to win this game then the title of the sub-district will be decided when the Galion Yankees come here on the following Saturday. The Galion team won the championship of the sub-district last year and has not been defeated yet this year but neither has Marion.

**Drop No More**  
Two weeks ago last Saturday Curtis lost what was probably the prize toughest luck contest of all time to the Galion team. He gathered a total of 25 strike outs in the 12 innings that were played and permitted only two hits and yet got beat when errors in the field let in the winning score in the twelfth. His catcher also dropped 13 of the 25 third strikes and all 13 reached first base safely which didn't do Mr. Curtis any good. However, now Bacon says he has a real receiver and there won't be any third strikes dropped from now on.

Here are some of the pitching performances that the boy wonder has turned in during his hurling career: Pitched his Iberia high school team into the finals of the state Class B tournament at Ohio State recently only to see another pitcher lose the final game by allowing five runs in the first inning.

Curtis pitched the semi-final on Saturday morning at the tournament against a southern Ohio nine and whiffed around 20 men. After the other Iberia pitcher had been combed for five runs in the initial frame of the final fray Curtis went in and whiffed 13 in the next seven innings but his team couldn't score enough and the game was lost 3 to 2.

**Lots of Stuff**  
Last Saturday he pitched against Magnetic Springs at Mt. Gilead and fanned 19 players and giving only two hits.

Curtis, according to Bacon, has a

## BACON HURLS LOCAL MASONS TO VICTORY OVER CRESTLINE, 7-0

Lutherans Defeat Reformed in Only Other Clash on Schedule

MARION Masons won their third consecutive game in the Central Ohio Masonic league yesterday from the Crestline nine, 7 to 0 at Garfield Park. This was the only game in the city with the exception of the postponed Lutheran-Reformed game of the Second Sunday school league, which the Lutherans captured 6 to 3.

Francis Bacon hurled the local Masons to their shut out victory, giving only two hits, one coming in the fourth and the other in the seventh. He whiffed nine men and gave only two bases on balls.

The locals are now leading the Central Ohio loop although several of the teams have not played out games yet to be seriously considered. The next game for Marion will be with Bucyrus at Garfield Park on Wednesday evening.

**Mason Hits Hard**  
The Masons hit hard against Bacon's fine pitching, clanking six hits, including a four-run rally in the sixth frame. Freddy Tschann was the hardest smasher of the game when he drove out a long home run to right center that scored three ahead of 3 in the second inning. A couple of errors helped along the local cause in the big sixth inning.

The Lutheran's victory sent them into a tie with Asbury for second place. Two big innings, the second and the fourth when three runs came in clinched the game. The losers, to Rochester for their third run in the fourth when Cleveland's Williams and Taylor scored. The losers failed to do much with bats after that frame.

**The Score:**  
Marion Masons ..... 120 091 1-1  
Crestline ..... 000 000 0-0

## WIGGINS WALLOPED BY GEORGE GODFREY

Giant Dusky Heavyweight Gets Decision as Fight Is Halted in Seventh

CLEVELAND, June 27—George Godfrey, the giant negro heavyweight, today held a technical knockout over Chuck Wiggins, of Indiana. Their scheduled 12-round battle in Taylor Bowl here last night was halted by Referee John McGuire in the seventh round when Wiggins had taken what McGuire thought was enough punishment.

In that round Godfrey had knocked Wiggins down twice, but the latter tried hard to continue. He protested vigorously against the referee's action in ending the fight, claiming that he at least should have been permitted to take the count of 10 before crediting his opponent with a technical knockout.

About 9,000 fans witnessed the fight, which until Godfrey opened up in the seventh round, had been an uninteresting affair. Observers did not credit Wiggins with winning a single round though they called first round a draw.

**Games Tomorrow**

YANKS FACE A'S  
IN SERIES OPENER

Macks Sure To "Crack,"  
Ruth Says, but There Are  
No Signs of It

Continued from Page 16  
Mack and Lutzer put on a home  
game yesterday, Ruth's round-  
trip being his thirteenth of the  
season, and in the first game Herb  
Parker easily outpitched Piro  
Mackery, who had won five straight.  
The series between Chicago and St.  
Louis is the highlight of the Na-  
tional league schedule today. The  
game is scheduled for 1:15 p.m.  
at the Cardinals in Chicago, but the Car-  
dinals turn the tables on their own  
team. Both teams got a break yester-  
day when Luque of Cincinnati beat  
the home-leading Pirates, 6 to 4,  
Romer being the victor.

Scott Wins Own Game  
After five straight setbacks, the  
Giants finally beat Brooklyn, and  
with Dazzy Vance on the mound for  
the Robins at the Farm. Jack  
Scott won his own game, 3 to 2,  
with a single in the eleventh.

The Phillies came to life and drub-  
bed Boston twice, 6 to 0 and 5 to 2,  
leading the attack with  
seven hits. Bing-Bang Benze and  
Wayne Willoughby did the pitching  
and lost it, the latter yielding  
only three hits in the nightcap.  
Triples by Cissel and Watwood in  
the ninth enabled the White Sox to  
beat Detroit, 5 to 3, after losing  
the first two games of the series.

O. S. U. Date Set

Applications for Grid Tickets To Be  
Considered After Sept. 2

COLUMBUS, June 27.—A hint of  
autumn and the football season is con-  
tained in the announcement by athletic  
officials at Ohio State university that  
applications for football tickets for  
Ohio State's games next fall will not  
be considered before Sept. 2.  
Those put in the mail before that  
date will be returned marked "un-  
opened."  
The top price is \$3, which will pre-  
vail at the Ohio-Northwestern game.  
For the other games, it was said, the  
price will cost the fans from \$1.50  
to \$2.50.

# TWENTY SEVEN TAKE PART IN TIE MATCH ON BUCYRUS COURSE

H. W. Hane Shoots Low Score  
of 39 During Second Round  
of Match

WITH 27 players participating on  
each team, the Marion Country  
Club golfers played a 40½ deadlock  
with the golfers from the Bucyrus  
Club on the latter's links yesterday  
afternoon.  
Seven Bucyrus and six Marion  
players succeeded in taking both  
rounds from their opponents and  
giving the three points to their  
teams. The Marion players who made  
clean sweeps of their matches were  
Longshore, Allen, Slanser, Dodd,  
Barrowman and Smith.  
H. W. Hane, No. 1 on the local  
team, again was the only player on  
either team to break 40. He shot a  
39 on the second round of his match  
with Miller. However, Miller had  
gotten a tie with Hane for the first  
nine holes with a 42. The last two  
players on the Marion team, Bar-  
rowman and Smith practically suc-  
ceeded in tying up the match when  
they both took three points in their  
matches with Gebhardt and Dwier.  
Barrowman shot a 103 and Smith a  
112 as compared with 119 and 121  
for their opponents.

Marion Elks junior baseball team  
won a close 4-10-3 game yesterday  
from the Kenyon Cubs on the latter's  
diamond. Only one error was chalked  
up against the local team and this  
did not prove costly. Walter and  
Adams, local pitchers, held the Ken-

## Three basic reasons contribute to its refreshing flavor

★ 1—"Canada Dry" is made from high quality Jamaican ginger and through our exclusive extraction process retains all the flavor and aroma of the ginger root.

★ 2—"Canada Dry" is made from absolutely pure ingredients blended and balanced in exact proportions. A secret process of carbonation enables it to retain its sparkle long after the bottle is opened.

★ 3—"Canada Dry" is tested daily under laboratory methods to assure its purity. Leading hospitals serve it. Leading physicians prescribe it. Here is a better purer ginger ale.

AND this refreshing flavor has won friends the wide world over. In New York... London... Paris... the Houses of Parliament at Ottawa... "Canada Dry" has first call.
